8	https://stackoverflow.com	Q&A platform for programmers.	Active community. Detailed answers. Tag-based organization.

WT 01 - Website Analysis

Things disliked in the website	Overall evaluation (Good/Bad)
Overwhelming homepage with too many elements. Some cluttered product pages.	Good, but could improve homepage organization.
Lack of visual appeal (intentional for speed). Limited customization options.	Good for its purpose.
Pop-up subscription prompts. Limited free access to articles.	Good for content consumption.
Learning curve for beginners. Complex UI for non-developers.	Good for developers.
Cluttered feed. Frequent notifications.	Good for networking.
Plain design. Lack of multimedia.	Good for research.
Ad interruptions. Some controversial content.	Good for video consumption.
Cluttered interface. Harsh moderation.	Good for technical help.
